

ECS Configuration Change Request

Page 1 of 14 Pages

CCR No. 97-1272 A	Logged Date 8/18/97	Rev. A	Request Type CCR																		
Priority Routine <input type="checkbox"/> Urgent <input checked="" type="checkbox"/> Emergency <input type="checkbox"/>	Affected Release		Change Class II																		
Title (description) Rework Reference Tables in RTM and Web Page.																					
Documents Affected		Source Nos or Tech Reference AC 97-0124																			
RTM Change <input checked="" type="checkbox"/> Start New Baseline <input type="checkbox"/>																					
Problem <p>Reference to the tables (Appendix A and E of DID 304) are not consistent; DID 304 may not be updated/published; Data Glossary has not been posted.</p> <p>L4 Requirements reflects RTM baseline of 08-08-97. For non-allowable attribute values use: `unverified' for acceptance and system verification status; `test' for verification method; `approved' for L4 status; `mission essential' for requirement category; `SDPS' for segment, `functional' for type (L4s and RbRs).</p>																					
Proposed Solution <p>Revise every existing table posted on the requirement Web page to specify their title and origin. Change L4s references to the tables in text/clarification in RTM. Post Data Glossary on the Web.</p> <p>Revision A - Revised data glossary, Revised title for Data Type Service Matix on Web, Removed 3 INS L4's from the change tables (they need to be deleted by another CCR)</p>
